Corrections for
*Murach’s C++ 2008*

These are the corrections for the significant errors in each printing of this book. In addition to the corrections listed here, you may find some trivial typos and formatting errors. All types of corrections will be made in the next printing of the book.

**How to tell which printing your book is in**

Below the copyright notation on the back of the title page (page iv), you’ll find a series of numbers like this:

10 9 8 7 6 5 4 3 2 1

The number on the right of this sequence tells which printing your book is. In this example, it’s the first printing, which is currently the only printing for this book (October 2009).
Corrections to the first printing

Chapter 3, page 79
The wrong screen image is included on this page. This is the correct screen image:

![Correct Screen Image](image)

Chapter 12, page 342
The last paragraph indicates that you must add a `#using` directive for a new class before you use it. It should say that you must add an `#include` directive.
